## DOC // THE COLUMBIA PLATEAU IN WASHINGTON AND OREGON IS

\_\_\_\_\_.

South of the Rattlesnake Hills, and right in the heart of the Columbia River Plateau, is the Columbia River Gorge. The Plateau Indians occupied regions in Western Canada, specifically British Columbia, and the United States, including parts of Idaho, California, Montana, Washington, and Oregon. Plateau Regional Aquifer System (CPRAS) covers about 44,000 square miles of southeastern Washington, northeastern Oregon, and western Idaho. The Columbia River Flood Basalt Province forms a plateau of 164,000 square kilometers between the Cascade Range and the Rocky Mountains. Sedimentary sequences in the Columbia Plateau region of the Pacific Northwest ranging in age from 16-4 Ma contain fallout tuffs whose origins lie in volcanic centers of the Yellowstone hotspot in northwestern Nevada, eastern Oregon, and the Snake River Plain in Idaho. Try Ruckel Ridge, a roughly 8-mile loop with lots of elevation gain.

This was an area dominated by lakes, rivers, and trees and was known for cold, snowy winters and warm summers. The gorge cuts through the Cascade Mountains forming the boundary between Washington and Oregon, and you can get spectacular views of the gorge from above. When glaciers blocked the Columbia River on its way to the Pacific, rushing water and...

Flat, cracked with lava, dry yet rich in groundwater, the land is an arid stage for a long-playing human drama. These regions consist of the Oregon Coast, the Willamette Valley, the Rogue Valley, the Cascade Mountains, the Klamath Mountains, the Columbia River Plateau, the. Hidden within this vast high desert plateau are deep canyons carved by the Owyhee, Bruneau, and Jarbidge Rivers. South of the Columbia River the region underlain by basalt flows is called the Oregon Plateau. How does a river cut through a mountain range? The roughly 90 mile long canyon cuts east to west right through the Cascade Mountains, forming the border between Washington and Oregon, and in some places is 4,000 feet deep. The area supports a \$6-billion per year agricultural industry, leading the Nation in production of apples, hops, and eight other commodities.
